

## INSTRUCTION MANUAL

Please read this instruction manual carefully before assembling or using this product, and keep for future reference. Thank you for choosing Primetime Petz Support Feet for the 360° Configurable Gate Collection. For dogs that push against gates, add these sturdy support feet to provide extra stability and prevent tipping. Made of solid pine with rich walnut stain and smooth satin finish,

### Features:

This product may be used with the following products:

- 360° Configurable Gate with Door 24"
- 360° Configurable Gate with Door 30"
- 360° Configurable Gate with Door 36"
- 360° Extension Kit 24"
- 360° Extension Kit 30"
- 360° Extension Kit 36"

Attractive wood finish compliments 360° Configurable Gate Collection

### Parts/Specifications:

One pair of Support Feet (2 pieces); minimal assembly required

Additional set of rubber pads in case damage occurs during installation

### Dimensions/Weight:

Item Dimensions: 12L x ¾W x 3 5/8H inches

Item Weight: 0.5 lbs.

### Materials:

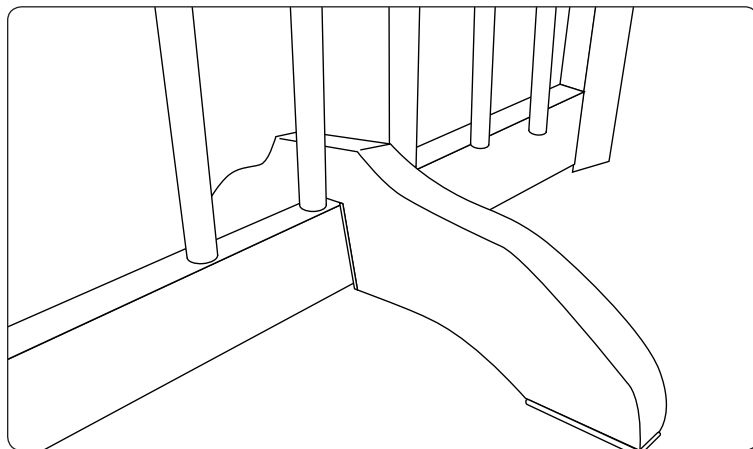

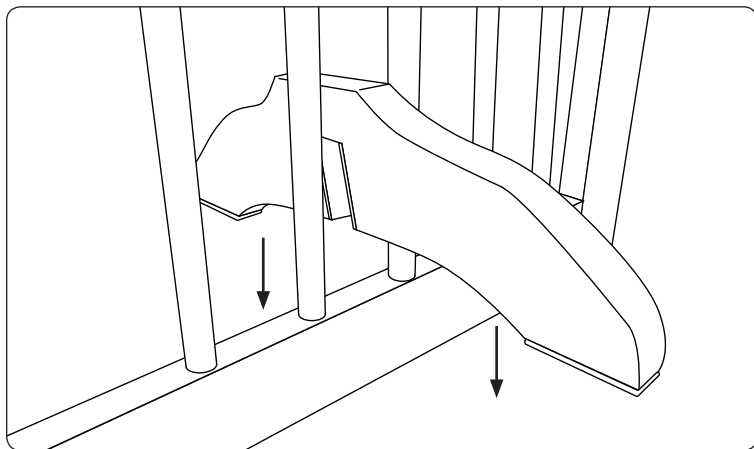

Foot: Wood

Pads: Rubber

### Assembly:

To attach foot to gate or extension, slide foot downwards, groove-side down, between the two centermost posts in the panel. Press down firmly until the foot makes even contact with the floor. Repeat for 2nd foot.

**PLEASE NOTE: FIT WILL BE VERY TIGHT ON THE 360° Configurable Gate with Door 36" (33238-G8) AND 360° Extension Kit 36" (33239-E8). THIS IS EXPECTED.**

### Manufacturer's Recommendations:

We recommend applying additional anti-chew bitters serum to your gate on a regular basis especially if your pet is still a puppy. For care and cleaning, simply wipe with a damp cloth.

### Provisions:

Support Feet increase gate/extension support and stability but are not guaranteed to prevent animals from jumping on gate/extension and tipping it over.
